COURSE OUTLINE 2023-2024 | Prior-year summary of instruction

Coalinga High School | Instructor: Manuel Chagoyan

Advanced course connecting the Terminal, FTP and Git workflows, JavaScript canvas, flexbox, and an Astro portfolio, with career documents as culminating work.

Prior-year summary: the original week-by-week assignment list for 2023-2024 is grouped here into units. Dates are approximate, units overlap, and keyboarding and professional habits recur throughout the year.

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
01 Developer workspace & Terminal **Weeks 1-3, 13 | Aug-Nov** VS Code and extensions; server permission form; Terminal cheat sheet and notes; Astro and Wirecutter folder structures; Cyberduck and FTP accounts; folder structure and file extensions; Mac settings; safety notes; Vim practice.	**Anchor**: 4.0, 6.0, 7.0 **Pathway**: ICT C4.3	Set up and maintain an organized development workspace; navigate and manipulate files from Terminal; follow safety and publishing agreements.
02 Portfolio foundations & Markdown notes **Weeks 3-8, 12-13, 17** Portfolio logo in Photoshop; website logo; upload to online directory (FTP); new portfolio upload; career portfolio resume; Markdown class notes 1-5; web portfolio update.	**Anchor**: 2.0, 4.0, 11.0 **Pathway**: ICT C6.3, C7.5	Build and publish a portfolio; integrate optimized graphics; keep organized notes in Markdown.
03 Git, GitHub & Netlify **Weeks 7-8, 12, 17-20, 24** Git network folder global settings; GitHub account; Git and GitHub on desktop folders; Astro student folder with Git and GitHub; GitHub repository for the network folder; deploy Astro student folder to Netlify; Node installation.	**Anchor**: 4.0, 5.0, 9.0 **Pathway**: ICT C4.11, C5.4, C7.5	Record meaningful checkpoints; synchronize local and remote work; publish a site from GitHub to Netlify.
04 JavaScript canvas & arrays **Weeks 9-10, 14, 16-18, 20-22, 31** Canvas drawing exercises; paintbrush prototypes 1-6 with setup, undo, and mobile support; arrays introduction; arrow functions.	**Anchor**: 5.0, 10.0 **Pathway**: ICT C4.4, C4.7, C4.9, C6.4	Draw with canvas; use arrays and functions; build an interactive painting application that works on mobile.

COURSE OUTLINE 2023-2024 | Prior-year summary of instruction

WAD 2023-2024 units 05-08

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
05 Flexbox & responsive layout **Weeks 22-24 | Feb** Flexbox exercises (flex-direction, justify-content, align-items, wrap, order, align-self); Flexbox Froggy; flexbox layout.	**Anchor**: 4.0, 5.0, 7.0 **Pathway**: ICT C3.3, C5.4, C6.1	Apply flexbox properties to build layouts that adapt to different screen widths; test and repair layout problems.
06 Astro theme website build **Weeks 25-29, 32-33 | Feb-Apr** Theme website build for Astro: HTML and CSS for semesters, page content, features, showcase, header, and footer; media queries; blockquote and links; data attribute tooltips; slots and Cloudflare Pages; layouts and props; encapsulated components; favicon; navigation array and object map; Astro-Icon list.	**Anchor**: 4.0, 5.0, 9.0 **Pathway**: ICT C4.6, C6.6, C7.5	Build a multi-page site from reusable components; deploy it online; personalize and test responsive behavior.
07 Career documents **Weeks 8, 30-31, 34** Career Portfolio S3A career awareness document; career clusters survey; Work Importance Profiler - My Ideal Job; S3B career exploration document; S3C career plan; online career documents webpage.	**Anchor**: 2.0, 3.0, 11.0 **Pathway**: ICT C7.5	Research career options and produce accurate career documents; present them in an online portfolio.
08 Astro portfolio & Markdown notes **Weeks 28, 35-36, 38 | Apr-Jun** FTP and Netlify crosslinks; Astro portfolio Markdown notes with frontmatter; class notes files and notes page; Markdown class notes 6-7; feedback form.	**Anchor**: 2.0, 9.0, 11.0 **Pathway**: ICT C4.11, C7.5	Document class work in Markdown with frontmatter; link FTP and Netlify versions of a portfolio; reflect on the course.

Standards key & alignment. Anchor numbers refer to broad California CTE Knowledge and Performance Anchor Standards. ICT C = Software and Systems Development; AME A = Design, Visual, and Media Arts. Listed standards identify relevant instructional connections, including partial coverage; they do not certify mastery of every component.
