WEB PAGE DESIGN

COURSE OUTLINE 2023-2024 | Prior-year summary of instruction

Coalinga High School | Instructor: Manuel Chagoyan

Introductory digital foundations, Photoshop, hand-coded HTML and CSS, flexbox layouts, and color theory, with a web portfolio, career exploration documents, and a New York City project as culminating work.

Prior-year summary: the original week-by-week assignment list for 2023-2024 is grouped here into units. Dates are approximate, units overlap, and keyboarding and professional habits recur throughout the year.

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
01 Digital foundations & classroom workflow **Weeks 1-7 | Aug-Sep** Classmate interviews, The Internet and its Services, safety notes; Chrome extensions (Screencastify, GoFullPage, ColorPick); Mac settings; ZIP and file extension activities; folder structure and organized desktop screenshots; server connection and network folder check.	**Anchor**: 4.0, 6.0, 7.0 **Pathway**: ICT C4.3	Create and navigate an organized folder hierarchy; rename, copy, move, compress, and submit the correct files; follow classroom safety and responsible technology routines.
02 Photoshop & digital imagery **Weeks 4-12, 21, 27-30** Cartoon exercises; shapes, fills, strokes, and styles; layers and layer masks; Ocean Life Scene, Zombie Diego, custom BBC logo, custom Oscar, Jack-O-Lantern; Photoshop interface on your own; GIF and JPG optimization and export; image file type activities.	**Anchor**: 4.0, 5.0 **Pathway**: AME A2.1, A2.6; ICT C6.3, C6.5	Build and organize layered compositions; use masks, shapes, fills, and strokes; export suitable image formats and sizes.
03 HTML, CSS & web technologies **Weeks 7, 11, 18-22 | Sep-Feb** CodePen account and coding exploration; VS Code installation and extensions; class schedule table and webpage; YouTube video elements; web technologies markup; classes and IDs.	**Anchor**: 2.0, 4.0, 5.0 **Pathway**: ICT C4.3, C4.6	Write basic HTML and CSS by hand; organize content with meaningful structure; connect CSS to HTML using classes and IDs.
04 Flexbox & responsive layout **Weeks 23-26 | Feb-Mar** Flexbox layouts 001 and 002; justify-content and align-items; flexbox media queries.	**Anchor**: 5.0, 7.0 **Pathway**: ICT C3.3, C5.4	Build layouts that adapt to different screen widths; test across screen sizes; identify and repair layout problems.

COURSE OUTLINE 2023-2024 | Prior-year summary of instruction

WPD 2023-2024 units 05-07

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
05 Web portfolio & projects **Weeks 17-18, 32-34, 37-38** Web portfolio and YouTube video update; New York City project customization, pages, and global CSS; Career Skills Challenge - New York City (beginner); portfolio random quote and responsive header; final portfolio update.	**Anchor**: 2.0, 5.0, 11.0 **Pathway**: AME A2.5; ICT C6.6, C7.5	Organize work for an audience; build and style a multi-page project; submit a complete portfolio.
06 Career exploration **Weeks 30-31, 35 | Apr-May** Career Portfolio S3A career awareness document; career clusters survey; Work Importance Profiler - My Ideal Job; S3B career exploration document; S3C career plan.	**Anchor**: 2.0, 3.0, 11.0	Research career options and requirements; produce accurate career documents; plan next steps.
07 Color theory & visual design **Weeks 35-36 | May** Color wheel; Edpuzzle lessons on color in web design and color theory; creating color harmonies and schemes.	**Anchor**: 2.0, 4.0 **Pathway**: AME A1.2, A1.7, A8.4; ICT C6.1	Choose colors for a purpose and audience; apply color harmonies; describe design choices using color theory terms.

Standards key & alignment. Anchor numbers refer to broad California CTE Knowledge and Performance Anchor Standards. ICT C = Software and Systems Development; AME A = Design, Visual, and Media Arts. Listed standards identify relevant instructional connections, including partial coverage; they do not certify mastery of every component.
