WEB PAGE DESIGN

COURSE OUTLINE 2026-2027 | Tentative instructional sequence

Coalinga High School | Instructor: Manuel Chagoyan

Introductory digital foundations, visual design, and hand-coded HTML/CSS. Students develop personal work through guided practice and student-selected themes. The career unit and career portfolio provide the culminating work; websites are published to the school network.

Planning document: units, order, depth, tools, and sample assignments may change with student progress and evolving technology. Units may overlap; keyboarding, professional habits, and quality checks recur throughout the year.

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
01 Digital foundations & classroom workflow How the Internet and World Wide Web work; Finder, file extensions, naming, network folders, ZIP submission; folder-structure screenshot.	**Anchor**: 4.0, 6.0, 7.0 **Pathway**: ICT C4.3	Describe how the Internet and World Wide Web deliver web pages; create and navigate an organized folder hierarchy; rename, copy, move, compress, and submit the correct files. Follow classroom safety and responsible technology routines.
02 Keyboarding & professional habits Typing.com home row and progressive practice; MyCareerTech Work Ethic, Professionalism, Organization, Productivity, and Adaptability.	**Anchor**: 2.0, 7.0	Improve keyboard accuracy and fluency from a personal baseline; demonstrate organization, time management, initiative, and respectful collaboration. Maintain certificates and work samples.
03 Visual design foundations Color wheel and color schemes; typography, hierarchy, contrast, composition; design analysis and layout sketches.	**Anchor**: 2.0, 4.0 **Pathway**: AME A1.2, A1.7, A8.4; ICT C6.1	Choose colors and typography for a purpose and audience; describe design choices; use contrast and hierarchy to make information readable.
04 Photoshop & digital imagery Shapes, fills, strokes, gradients, effects; haunted-house composition, underwater wallpaper, and an original scene; layers, selections, and masks.	**Anchor**: 4.0, 5.0 **Pathway**: AME A2.1, A2.6; ICT C6.3, C6.5	Build and organize layered compositions; use selections and masks to combine images; preserve editable files and export suitable image formats and sizes.

Integrate and demonstrate | Continued planned sequence

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
09 Web portfolio & submission workflow Assemble career documents, certificates, and design/code samples in a personal web portfolio; school-network presentation.	**Anchor**: 2.0, 11.0 **Pathway**: AME A2.5, A5.6; ICT C6.6	Organize work for an audience; connect portfolio sections; show evidence of growth; prepare a complete project folder and accurate ZIP submission.
10 Career preparation - culminating unit Career exploration and education plan; resume, cover letter, references, job application, interview practice, and career portfolio review.	**Anchor**: 2.0, 3.0, 7.0, 11.0 **Pathway**: AME A5.2, A5.6	Research a career and its preparation requirements; produce accurate professional documents; communicate strengths using work samples and practice interview responses.

Standards key & alignment. Anchor numbers refer to broad California CTE Knowledge and Performance Anchor Standards. ICT C = Software and Systems Development; AME A = Design, Visual, and Media Arts. Listed standards identify relevant instructional connections, including partial coverage; they do not certify mastery of every component.

Sources: California CTE ICT standards and AME standards. Planning draws on prior outlines, course ideas, and instructor direction. Technology Pathway hub: resources and prior-year instructional records. Actual instruction is documented separately in Google Classroom.
