INTRODUCTION TO COMPUTER SCIENCE

COURSE OUTLINE 2024-2025 | Prior-year summary of instruction

Coalinga High School | Instructor: Manuel Chagoyan

Introduction to computer science with JavaScript: objects and events, CSS positioning and animation, dynamic stylesheets, and a portfolio with career documents.

Prior-year summary: the original week-by-week assignment list for 2024-2025 is grouped here into units. Dates are approximate, units overlap, and keyboarding and professional habits recur throughout the year.

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
01 Developer workspace & routines **Weeks 1-5 | Aug-Sep** Online publishing permission form; VS Code and Photoshop setup; Terminal folder structures and notes; Mac settings; FTP account and Cyberduck; network folder and server connection; social contract.	**Anchor**: 4.0, 6.0, 7.0 **Pathway**: ICT C4.3	Set up and maintain an organized development workspace; navigate files from Terminal; follow publishing agreements.
02 Base portfolio **Weeks 3-7, 36** Portfolio logo; base portfolio (HTML, CSS, calc, media queries, page nav, introduction paragraphs); PrismJS code blocks; Google Fonts and favicon.	**Anchor**: 2.0, 4.0, 11.0 **Pathway**: ICT C3.3, C6.3, C7.5	Build a responsive portfolio; integrate optimized graphics; present code with formatted blocks.
03 JavaScript foundations **Weeks 6-18 | Sep-Dec** Objects, properties, and methods; window and document objects; variables, strings, numbers, and booleans; events and functions; CodeHS Karel; multiplication table; Magic Eight Ball.	**Anchor**: 5.0 **Pathway**: ICT C4.4, C4.6, C4.7, C4.9	Use variables, objects, methods, events, and functions to produce visible results; trace and revise simple programs.
04 CSS positioning, transitions & animation **Weeks 19-27 | Jan-Mar** Transform and transition; border-radius; absolute within relative positioning; puzzles and scenes; keyframe animations; responsive web design and media queries.	**Anchor**: 4.0, 5.0, 10.0 **Pathway**: ICT C3.3, C6.1, C6.4	Position and animate elements; build a custom scene with keyframe animation; make layouts responsive.

ICS 2024-2025 units 05-06

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
05 JavaScript & the portfolio **Weeks 27-37 | Mar-May** Portfolio animation in JavaScript; dynamic stylesheets; local storage save and load; update elements by stylesheet; ternary operator.	**Anchor**: 5.0, 9.0 **Pathway**: ICT C4.7, C4.9, C7.5	Use JavaScript to change styles and save data; add interactive features to a portfolio.
06 Career documents & portfolio completion **Weeks 12, 29-38** Career document templates; certificates and work samples pages; PDF documents; Aeries transcripts; resume, references, job application; letters of recommendation and introduction; semester links; final portfolio FTP submission.	**Anchor**: 2.0, 3.0, 11.0 **Pathway**: ICT C4.11, C7.5	Produce accurate professional documents; present evidence of technical and professional skills in a published portfolio.

Standards key & alignment. Anchor numbers refer to broad California CTE Knowledge and Performance Anchor Standards. ICT C = Software and Systems Development; AME A = Design, Visual, and Media Arts. Listed standards identify relevant instructional connections, including partial coverage; they do not certify mastery of every component.

Sources: California CTE ICT standards and AME standards. This summary was reorganized from the original week-by-week outline. Technology Pathway hub: resources and prior-year instructional records. Actual instruction is documented separately in Google Classroom.
