WEB APPLICATION DEVELOPMENT

COURSE OUTLINE 2024-2025 | Prior-year summary of instruction

Coalinga High School | Instructor: Manuel Chagoyan

Advanced course connecting the Terminal, portfolio development, Git and Netlify, JavaScript canvas and objects, and CSS Grid, with career documents as culminating work.

Prior-year summary: the original week-by-week assignment list for 2024-2025 is grouped here into units. Dates are approximate, units overlap, and keyboarding and professional habits recur throughout the year.

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
01 Developer workspace & Terminal **Weeks 1-8 | Aug-Oct** Online publishing permission form; Terminal folder structures, Astro and Wirecutter directories; Cyberduck and FTP; VS Code, Photoshop, and Mac setup; network folder and server connection; Vim practice; social contract; MyCareerTech.	**Anchor**: 4.0, 6.0, 7.0 **Pathway**: ICT C4.3	Set up and maintain an organized development workspace; navigate and manipulate files from Terminal; follow publishing agreements.
02 Portfolio foundations **Weeks 3-9 | Aug-Oct** Base portfolio (HTML, CSS, calc, media queries, page nav and sub-footer); portfolio logo in Photoshop; portfolio introduction; history of the Internet notes; Markdown class notes; PrismJS code blocks.	**Anchor**: 2.0, 4.0, 11.0 **Pathway**: ICT C3.3, C6.3, C6.5, C7.5; AME A8.4	Build and refine a responsive portfolio; integrate optimized graphics; present code with formatted blocks.
03 Git, GitHub & Netlify **Weeks 6-14 | Sep-Nov** Git version, global and network settings; GitHub account; Git on desktop folders; Git notes; deploy portfolio to Netlify; Node installation.	**Anchor**: 4.0, 5.0, 9.0 **Pathway**: ICT C4.11, C5.4, C7.5	Record meaningful checkpoints; synchronize local and remote work; publish a site to Netlify.
04 JavaScript, canvas & objects **Weeks 9-20, 33, 37** Canvas drawing exercises; circles and PI; arrays and forEach; custom objects; painting app demos with undo; advanced HTML form with local storage; switch statement.	**Anchor**: 5.0, 10.0 **Pathway**: ICT C4.4, C4.7, C4.9, C6.4	Draw with canvas; use arrays, objects, and control structures; build an interactive application and save data locally.

COURSE OUTLINE 2024-2025 | Prior-year summary of instruction

WAD 2024-2025 units 05-06

Units & sample assignments	Anchor & CA CTE standards	Student learning objectives
05 CSS Grid & responsive layout **Weeks 22-34 | Feb-May** Responsive CSS Grid areas; pet adoption website; flexbox list and responsive menu; floated and centered images; external and dynamic stylesheets; portfolio dynamic stylesheets.	**Anchor**: 4.0, 5.0 **Pathway**: ICT C3.3, C5.4, C6.1	Build responsive layouts with Grid and Flexbox; load and switch stylesheets; test across screen widths.
06 Career documents & portfolio completion **Weeks 12, 19, 28-38** Career document templates, resume, references, letters of recommendation and introduction; career card icons; certificates and work samples pages; transcripts; MyCareerTech lessons; favicon; final portfolio commit.	**Anchor**: 2.0, 3.0, 11.0 **Pathway**: ICT C4.11, C7.5	Produce accurate professional documents; present evidence of technical and professional skills in a published portfolio.

Standards key & alignment. Anchor numbers refer to broad California CTE Knowledge and Performance Anchor Standards. ICT C = Software and Systems Development; AME A = Design, Visual, and Media Arts. Listed standards identify relevant instructional connections, including partial coverage; they do not certify mastery of every component.
